

Model	Description	UK List ex VAT (£)
Radio Consoles		
3000 Plus Series Base Unit2		
OXYGEN 3000 PLUS 16F-1AIO	Digital broadcast console 16 Faders; 5 Mic IN with +48v; 3 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO; 4 bal. stereo Out; 1 Digital I/O; 1 Headphones; Streaming I/O. 7" Display. HDMI out. Remote control software.	6,030.00
OXYGEN 3000 PLUS 12F-1AIO	Digital broadcast console 12 Faders; 5 Mic IN with +48v; 3 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO; 4 bal. stereo Out; 1 Digital I/O; 1 Headphones; Streaming I/O. 7" Display. HDMI out. Remote control software.	4,980.00
OXYGEN 3000 PLUS 8F-1AIO	Digital broadcast console 8 Faders; 5 Mic IN with +48v; 3 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO; 4 bal. stereo Out; 1 Digital I/O; 1 Headphones; Streaming I/O. 7" Display. HDMI out. Remote control software.	4,200.00
3000 Plus Series Options		
OXYGEN 3000 PLUS - AIO Board	Audio I/O board for Oxygen 3000 Plus - 5 Mic IN with +48v; 3 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO; 4 bal. stereo Out; 1 Digital I/O; 1 Headphones (2nd Audio board not compatible with 8-Fader desk)	1,055.00
OXYGEN 3000 PLUS - 16DIO Board	AoIP DANTE interface 16 IN and 16 OUT mono for Oxygen 3000 Plus	445.00
OXYGEN 3000 PLUS - 32DIO Board	AoIP DANTE interface 32 IN and 32 OUT mono for Oxygen 3000 Plus	665.00
OXYGEN 3000 PLUS - PSU-RID	Redundant power supply unit for Oxygen 3000 Plus	180.00
2000 Series Base Unit		
OXYGEN 2000-5M-BT	Digital broadcast console 12 Faders; 5 Mic IN with +48v; 3 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO interface; 4 bal. stereo Out; 1 Digital O; 1 Headphone, audio routing; 8ST In + 8ST Out Dante I/O (optional).	2,980.00
1000 Series Base Units		
OXYGEN 1000-BT	Digital broadcast console 6 Faders; 3 Mic IN with +48v; 4 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO interface; 4 bal. stereo Out; 1 Digital O; 1 Headphone, Dante I/O optional	2,195.00
OXYGEN 1000-BT RACK	Digital broadcast console rack; 3 Mic IN with +48v; 4 bal. stereo IN; 2 USB Audio I/O; 1 Telephone Hybrid; 1 Bluetooth I/O; 1 Telco Audio; GPIO interface; 4 bal. stereo Out; 1 Digital O; 1 Headphone, audio routing; Remote Control Software. Dante I/O optional	1,765.00
1000/2000 Series Options		
OXY DANTE-1K-2K	Dante AoIP interface for Oxygen 1000/2000, 8 stereo IN and 8 stereo OUT. Support for AES67 RTP, SMPTE ST2110-30 RTP.	455.00
Options Compatible with all Radio Consoles		
OXY TALK-BOX	Talk Box for presenter/guest with mic control on/off button, cough/mute button, tally lamp driver, headphone amplifier, volume control (2x 3.5mm out) and power supply. Compatible with console Oxygen 1000, 2000, 3000.	285.00
OXY 4TALKBOX-SWITCH	Talk box switcher for Oxygen 1000, 2000 and 3000. It switches up to 4 talk boxes (commands, services and signals) between 2 Oxygen consoles, allowing you to use and share the studio between 2 control rooms.	1,320.00

Model	Description	UK List ex VAT (£)
Adapter Cable Set		
OXY ADPT-SET-8	Adapter set RJ45-XLR for Oxygen 1000/2000/3000P. 8 adapters 1,5m: 2xRJ45-MIC; 3xRJ45-LINE IN; 1xRJ45-TELCO; 2xRJ45-LINE OUT. 1,5m; 4x SFTP 2m; 4x SFTP cm.	250.00
Turnkey Radio Systems		
	AxelTech have a team of engineers based out of their factory in Bologna who design, build, test and install complete radio studio systems which can be disassembled, shipped and then put together by the customer on-site with minimal effort.	P.O.A.
Radio Automation		
OFFLINE-REC	Software licence OFF-LINE Recorder, audio digital recorder from satellite; scheduled Start/Stop, GPI commands and VOX;	1,070.00
XRADIO	Radio Automation licence: On Air and Core; Live Assist/Automated Payout (runtime Playlist Generation by rules), Hotkeys, GPI, Voice-track, Streaming, Live Remoter, Web Presenter Board; Library manager, Clock/Sequence scheduling, Traffic Scheduling, Audio Recorder/Editor. User Right Management.	1,915.00
XRADIO CORE	Radio Automation License: Core module with Library management, clock/sequence management and scheduling for real-time playlist generation by rules, advertising scheduling, audio recording/editing. User management.	785.00
SPLITPLAYER	Software license SPLIT, 1 channel audio player for 1 comemrcial area scheduled with RAM-COMM	1,045.00
XRADIO ON-AIR	Radio Automation licence: On Air Payout module with Live Assist/Automated Payout (runtime playlist generation by rules), Hotkeys, GPI, Voice-track, Streaming, Live Remoter, Web Presenter Board. User Right Management.	1,135.00
XRADIO ON-AIR ENTERPRISE	Radio Automation licence. On Air Enterprise Payout module with dual screen UI for advanced Live Assist control including Automated Payout (runtime playlist generation by rules), 4 Hotkeys, GPI, Voice-Track, Streaming, Live Remoter, Web Presenter Board, ect.). User Right Management.	1,830.00
XRADIO ON-AIR SMART	On Air Smart 1 channel License: automatic payout for Radio/WEB, Public Address and audio backup. Combine multiple On Air Smart licenses for multichannel configurations. Requires XRadio Core module (not included) for audio library management and setting rules for music/advert scheduling.	480.00
SOUNDTRACK STUDIO	Radio automation software. Live Assist. Automatic audio selection and playlist scheduling. Easy advertising scheduling. Jingle machines. Recorder. WEB streaming. Time signal. On Air WEB viewer for talents, showing real time info about playlist, artist and title.	720.00

Model	Description	UK List ex VAT (£)
Digital Audio Processors		
FALCON X5	FM/DAB+/HDRadio/WEB/DRM Digital Audio Processor 5 bands. 1RU. Analog, digital AES. 2x MPX out.. LCD display.	1,935.00
FX-DANTE	Dante AoIP interface for Audio Processor Falcon X/D series. Support for AES67 RTP, SMPTE ST2110-30 RTP.	530.00
FX-X5+	Upgrade from Falcon X5: Audio and MPX automatic changeover for Falcon X5 and audio streaming I/O.	880.00
FX-X5-CHANGEOVER	Audio and MPX automatic changeover for Falcon X5	355.00
FX-TUNER	Tuner interface for Audio Processor Falcon X series.	270.00
FALCON X7	FM/DAB+/HDRadio/WEB/DRM Digital Audio Processor 5 bands. 1RU. Analog, digital AES and streaming I/O. 2x MPX out. Audio and MPX changeover. SD slot to store files for backup device. LCD display.	2,805.00
FALCON D7	TV/DAB+/HDRadio/WEB Digital Audio Processor 5 bands. 1RU. Loudness Control ITU-1770. Analog, digital AES and streaming I/O. SD slot to store files for audio backup. LCD display.	2,370.00
FX-RDS	Digital RDS/RBDS encoder option for Falcon X. Dynamic services generation: 60 PS programmable messages for each DataSet. 2 interchangeable DataSet via remote control. RadioText, Alternative Frequency AF, Traffic Program TP, Traffic Announcement TA, EON, M/S, CT, PI, PTY, PIN. UECP SPB490 compliant.	355.00
FM Broadcast Tuner		
LYNX	Digital FM broadcast receiver. Balanced analog and digital AES/EBU audio output. Audio streaming. Dual LAN/USB. Headphone output on front panel. Universal power supply.	890.00
FM Off-Air Monitoring And Stre		
WOLF 2MS	Dual FM monitoring system for FM networks. Double internal tuner with configurable band scan. Real time measures on RF, MPX, Audio and RDS decoder with group sequence. HTTP, SNMP, FTP and XML protocol. Web server, double audio streaming for monitor. 2xLAN/USB and GPIO. Headphone output. Universal PSU	1,675.00
WOLF 1MS	Monitoring system for FM networks. Internal FM tuner with configurable band scan. Real time measures on RF, MPX, Audio and RDS decoder with group sequence. HTTP, SNMP, FTP and XML protocol. Web server and audio streaming for monitor. 2xLAN/USB and GPIO. Headphone output and universal power supply.	1,415.00
FM Re-Broadcast Receiver		
PUMA	FM Re-Broadcast receiver tuner with MPX Output. Real time measures on RF, MPX, Audio and RDS decoder with group sequence. HTTP, SNMP, FTP and XML protocol. Web server and audio streaming for monitor. Trap and email alarm. 2x LAN/USB and GPIO. Headphone output and universal power supply.	1,585.00

Model	Description	UK List ex VAT (£)
Audio Logger		
DML-A-1CH	Software licence Digital Audio Logger: 1 audio channel digital recorder; MP3 audio encoding; includes Player and Monitor software utility	490.00
DML-A-4CH	Software licence Digital Audio Logger: 4 channels audio digital recorder; MP3 audio encoding; includes Player and Monitor software utility	970.00
DML-A-8CH	Software licence Digital Audio Logger: 8 channels audio digital recorder; MP3 audio encoding; includes Player and Monitor software utility	1,750.00
RDS encoder		
RDS E3	Digital RDS/RBDS codec. n. 8 Dataset. UECP v.7.05. ODA, TMC, IH, RT, RT+. Scheduler PS, RT, PTY. Ethernet, Web server for encoder setup, SNMP v2.0. 6 GPI, 4 Relays. Radio automation interface. GPS.	1,240.00
RDS E5	Digital RDS/RBDS codec. n. 8 Dataset. UECP v.7.05. ODA, TMC, IH, RT, RT+. Scheduler PS, RT, PTY. Ethernet, Web server for encoder setup, SNMP v2.0. 6 GPI, 4 Relays. Radio automation interface. GPS. 480x128 full color TFT display for visualization and parameters setup.	1,415.00
RDS encoder & Stereo Generator		
TIGER-SYNCH-STREAM	Synchronized audio streaming module for Tiger E3/E5	370.00
TIGER-TUNER	Tuner option for TIGER E3 and TIGER E5	270.00
TIGER-MULTIMEDIA	Multimedia option for TIGER E3: Streaming IN, Streaming OUT, Media player	355.00
TIGER E3	Digital MPX+RDS coder with analog/digital/MPX inputs. Audio & MPX Changeover. RDS with n.8 Dataset. UECP v.7.05. ODA, TMC, IH, RT, RT+. Scheduler PS, RT, PTY. Web Server, SNMP v2.0. 6 GPI, 4 Relays. Radio automation interface. GPS. Streaming I/O available as option.	1,585.00
TIGER-DIGITAL MPX IO	Digital AESEBU MPX input output 192KHz.	270.00
TIGER E5	Digital MPX+RDS coder with analog/digital/MPX inputs. Streaming IN/OUT. Media Player. Audio & MPX Changeover. RDS with n.8 Dataset. UECP v.7.05. ODA, TMC, IH, RT, RT+. Scheduler PS, RT, PTY. Web Server, SNMP v2.0. 6 GPI, 4 Relays. Radio automation interface. GPS. Display TFT Hi-Res.	1,760.00
TIGER E5 ENCODER	Digital MPX+RDS coder with analog/digital/MPX inputs. Synchronized Streaming OUT. Media Player. Audio & MPX Changeover. RDS with n.8 Dataset. UECP v.7.05. ODA, TMC, IH, RT, RT+. Scheduler PS, RT, PTY. Web Server, SNMP v2.0. 6 GPI, 4 Relays. Radio automation interface. GPS. Display TFT Hi-Res.	2,105.00

Model	Description	UK List ex VAT (£)
Signalling Studio Lamp		
MRLIGHT-LPWS	Power supply powering up to 3 Lamps (Led) 110/220VAC for Mr. Light L/LD, separate light up and blinking feature management. Total power 10W 12V	125.00
MRLIGHT RGB 2	Mr Light RGB On-Air (Led) lamp, multi-coloured RGB leds. Operating mode: blink, pulse. Wi-Fi and GPIs for remote control. Low power consumption. 12Vdc PSU and mounting kit included.	285.00
Switcher, Changeover & Distrib		
FOX3-DANTE	Dante option for FOX 3	545.00
FOX3-TUNER	FM Tuner module for FOX 3	285.00
FOX3-MPX	Digital silence detector, failover audio switcher and converter; inputs: 1 analog, 2 digital AES/EBU, 2 IP, 2 MPX; outputs: 1 analog, 2 digital AES/EBU, 1 IP. USB port, built-in media player as back-up source. GPI I/O. 1RU. Universal PSU. AGC, SNMP, WEB GUI.	1,500.00
Telephone Hybrid		
MACROTEL X1 MULTIMODE	Digital telephone hybrid, 1 line POTS/BlueTooth/VOIP. DSP audio process, balanced IN/OUT XLR. RX/TX levels display. Web Server. Optional GSM module. GPI and GPO. Rack 19" 1u.	850.00
MACROTEL X2 MULTIMODE	Digital telephone hybrid, 2 lines POTS/BlueTooth/VOIP. DSP audio process, balanced IN/OUT XLR. RX/TX levels display. Web Server. Optional GSM modules. GPI and GPO. Rack 19" 1u.	1,325.00
MCRX-DIGITAL	Digital audio AES/EBU input/output for Macrotel X Multimode	250.00
Time Display		
ON AIR CLOCK	On Air Clock Broadcast Display - Software licence for studio clock with timer, count up, count down, logo, etc. Includes: OAC Software License, Windows MiniPC. HDMI output (monitor not included).	635.00
Time Synchronizer		
STS	Sat Time Synchronizer software (client/server for LAN networks) PC time synchronization with sat GPS receiver. 10m serial cable included	460.00
